Overheads)</u> |

Specific submission and reporting requirements

BMBF/DFG

Proposals selected for funding will be assigned to DFG and BMBF by the management organisations. Applicants will receive a personalized invitation to submit the proposals (BMBF: "Formantrag") in the electronic systems of the respective funding organization (DFG: elan portal)

Confirmation of CA signature and the DMP composition is required with the first annual report (30.04.2025).

Ethics regulations: All applicants conducting experiments in/with humans, human tissue/organoids, regardless if at the end funded by BMBF or DFG, have to submit an ethical approval and/or a positive vote from the relevant national or local ethics committee(s) to the DFG prior to the funding decision by the DFG Joint Committee. This decision is expected in October 2023. Thus, it is strongly recommended to start the respective procedures when the applicant is invited to full proposal stage.

Please note the DFG's data protection notice on research funding, which can be viewed and downloaded at www.dfg.de/privacy_policy. If necessary, please also forward this information to those individuals whose data will be processed by the DFG due to their involvement in your project.

Also note that according to a resolution of the DFG General Assembly, since 1 August 2019, DFG funding may only be granted to institutions that have implemented the guidelines laid down in the Code of Conduct for Safeguarding Good Research Practice in their own regulations in a legally binding manner.

For international proposals, this means that funding from the DFG can only be granted if the guidelines for ensuring good research practice (<https://doi.org/10.5281/zenodo.3923602>) have been implemented. If you have any questions on this subject, please contact the Scientific Integrity team at the DFG Head Office at gwp@dfg.de. Further information regarding the implementation can be found at <https://wissenschaften-integritaet.de/kodex/umsetzung>.

*Overheads BMBF refer to "Gemeinkosten" (applicable e.g. for Helmholtz-centres and Fraunhofer-Society) as well as "Projektpauschale" (applicable for universities and university hospitals, 20%). For further information on the "Projektpauschale" please refer to "BMBF Formularschrank":

https://foerderportal.bund.de/easy/easy_index.php?auswahl=easy_formulare&formularschrank=bmbf#t1

Overheads DFG: The "Programmpauschale" will generally amount 22% of the total project expenditure. See www.dfg.de
