Funding Organisation	Contact Person	Eligible Institutions	Eligible Costs	Anticipated Amount of Funding for This Call	Anticipated no. of funded research projects	Max./Min. funding awarded to a partner	Specific submission and reporting requirements
F.R.S.-FNRS	Florence Quist +32 2 504 9351 Agnès Roba +32 2 504 9236 international@frs-fnrs.be	All eligibility rules and criteria can be found in the PINT-MULTI regulations Clinical studies are not eligible for funding by the F.R.S.-FNRS	All eligibility rules and criteria can be found in the PINT-MULTI regulations	200.000 €	1	200.000 €/project	Applicants to F.R.S.-FNRS funding must provide basic administrative data by submitting an administrative application on e-space within 5 working days after the general deadline of NEURON to be eligible. Please select the "PINT-MULTI" funding instrument when creating the administrative application. Proposals invited to the second stage will be able to complete the pre-proposal form and provide information for the full proposal upon validation by the F.R.S.-FNRS.

Croatia-MSE

Please note that country specific requirements might apply to this call. For further information follow the links below or contact the national representative.

Funding Organisation	Contact Person	Eligible Institutions	Eligible Costs	Anticipated Amount of Funding for This Call	Anticipated no. of funded research projects	Max./Min. funding awarded to a partner	Specific submission and reporting requirements
Ministarstvo znanosti i obrazovanja (MZO) Ministry of Science and Education of the Republic of Croatia	Mateo Ante Bosnić mateoante.bosnic@mzo.hr +38514594166	1) Research organizations: 1. public research institutes, 2. public higher education institutions, 3. other legal entities performing research activity. 2) Small and medium enterprises (SME's) entered in the relevant National Register (<u>Court or Craftsmen</u>) and registered to perform research and development activities.	Only costs directly related to the proposed research activities are eligible. Activities supported by other sources are not eligible. Applicant must ensure that there is no double financing during the whole project implementation. For Croatian applicants, rules on eligible and ineligible costs can be found in the Annotated Model Grant Agreement (AGA) for H2020 Programme: https://ec.europa.eu/research/participants/data/ref/h2020/grants_manual/amga/h2020-amga_en.pdf . All budget items must be justified and provided for eligibility. All costs must be made during the period of the project duration. <u>For applicants/project partners from Private Sector:</u> The maximum funding rate	200.000,00 EUR	1	200.000,00 EUR	

		<p>of eligible costs is 70%. For <u>applicants/project partners from Public Sector: 100% of eligible costs.</u></p> <p>For Croatian applicants, the general H2020 rule applies regarding VAT eligibility within the Network of European Funding for Neuroscience Research. VAT is an acceptable cost for all applicants that are non-profit legal entities if there is no right to tax deduction. VAT is in that case the ultimate expense for the applicant and as such is recorded in the accounting books. Regarding profit organizations (that are liable for paying and collecting VAT, and VAT for them is not the ultimate expense, the VAT expense is not eligible cost for the project cost within the Network of European Funding for Neuroscience Research.</p> <p><u>Applicants are required to inform the national contact person about the project application.</u></p> <p>Applicants are advised to contact and consult the national contact person for the pre-eligibility check.</p>

FRANCE

Please note that country specific requirements might apply to this call. For further information follow the links below or contact the national representative.

Funding Organisation	Contact Person	Eligible Institutions	Eligible Costs	Anticipated Amount of Funding for This Call	Anticipated no. of funded research projects	Max./Min. funding awarded to a partner	Specific submission and reporting requirements
French National Research Agency (ANR)	Dr. Gaëlle Dutour Provenzano Dr. Sheyla MEJIA GERVACIO French National Research Agency (ANR) Health & Biology Department neuroncalls@agencerecherche.fr +33 (0)1 75 77 49 41	ANR may fund research organisations and undertakings, as defined by the EC regulation on State aid for research, development and innovation (see the ANR Funding regulations for further reference). Only research organisations that have their primary establishment in France may be funded. Within this framework, public research institutions such as EPST, EPIC, Universities, University hospitals as well as foundations can apply, in general for up to 100% of so	Eligible costs and rates of funding depend on the type of partners. Among others, eligible costs may include the following: • Personnel costs; • Equipment costs; • Consumables and animal costs; • Travel and subsistence costs; subcontracting costs. • Overheads (14.5% of total costs for partners funded at “marginal” costs) Subcontracting costs cannot exceed 50% of the total costs of a partner. Please refer to ANR’s Funding regulations Please refer to https://anr.fr/fr/rf/ for full details. Costs of clinical trials are not eligible for ANR.	1 800 000 €	6-7	The ANR has a maximum funding per partner for this call: each partner can request maximum 250 000 €. The maximum amount is increased to 300 000 € for a French partner in charge of the consortium coordination. Minimum amount per partner: 15 000 €.	The ANR funded partners must communicate to ANR the Scientific reports, Consortium Agreement & Data management plan required by NEURON. Financial reports must be communicated to ANR according to the provisions of the ANR Funding regulations. If applicable, Declarations of Due Diligence for the financed projects (Nagoya Protocol) must also be transmitted to ANR in due time.

		<p>called "marginal" costs. This list is not comprehensive and funding rates vary. Enterprises may also be eligible: Funding rates vary based on types of research and types of enterprises. For fundamental research, maximum rates of funding are: 45% of total costs for SMEs, 30% for larger companies. Please refer to https://anr.fr/fr/rf/ for full details. Countries subject to sanctions applicable to the research field by the European Union authorities are excluded from this call. Projects involving Partners established in these countries will be declared ineligible by the ANR. At the date of publication, these exclusions concern partners from the following countries Russia, Belarus. This list may evolve in case of new sanctions decided by the European Union.</p>

Overheads)	**Please note that there are two German funding organisations (BMBF and DFG). Proposals selected for funding will be assigned to BMBF and DFG by the management organisations. <u>Applicants from non-university research institutes are strongly advised to follow BMBF regulations</u> (e.g. regarding the calculation of overheads), whereas <u>applicants from universities should refer to the DFG's funder-specific information.</u> After the funding decision, applicants will receive a personalized invitation to submit the proposals in the electronic systems of the respective funding organization. Confirmation of CA signature and the DMP composition is required with the first annual report (30.04.2026).

*Overheads refer to "Gemeinkosten" (applicable e.g. for Helmholtz-centres and Fraunhofer-Society) as well as "Projektpauschale" (applicable for universities and university hospitals, 20%). For further information on the "Projektpauschale" please refer to "BMBF Formularschrank":
https://foerderportal.bund.de/easy/easy_index.php?auswahl=easy_formulare&formularschrank=bmbf#t1

Germany (DFG**)

Please note that country specific requirements might apply to this call. For further information follow the links below or contact the national representative.

Funding Organisation	Contact Person	Eligible Institutions	Eligible Costs	Anticipated Amount of Funding for This Call	Anticipated no. of funded research projects	Max./Min. funding awarded to a partner
DFG German Research Foundation (DFG) www.dfg.de	Dr. Anke Ley anke.ley@dfg.de Tel. +49 (228) 885-3197	Legal body: university, university hospital, non-university public research institute: Industry is not eligible; some restrictions for non-university public research institutes; for further information see Guidelines on the Duty to Cooperate	<ul style="list-style-type: none"> - Personnel - Consumables - Animals - Subcontracts - Equipment - Travel - Overheads* 	1.2 million €	DFG participation in up to 3 consortia (i.e. about 3 - 6 projects)	max. 360.000€ (including overheads) per consortium; i.e. if two German projects participate in a consortium, <u>the sum of funding requested by both groups must not exceed 360.000€</u> (incl. Overheads)

* The "Programmpauschale" will generally amount 22% of the total project expenditure.

New since Jan/2023: The entitlement to receive programme allowances for indirect project costs requires the existence of a usage guideline (see [link](#)).

Specific submission and reporting requirements

****Please note that there are two German funding organisations (BMBF and DFG). Proposals selected for funding will be assigned to BMBF and DFG by the management organisations. Applicants from non-university research institutes are strongly advised to follow BMBF regulations (e.g. regarding the calculation of overheads), whereas applicants from universities should refer to the DFG's funder-specific information. After the funding decision, applicants will receive a personalized invitation to submit the proposals in the electronic systems of the respective funding organization.**

Confirmation of CA signature and the DMP composition is required with the first annual report (30.04.2026).

Ethics regulations:

All applicants conducting experiments in/with humans, human tissue/organoids have to submit an ethical approval and/or a positive vote from the relevant national or local ethics committee(s) to the DFG prior to the funding decision by the DFG Joint Committee. This decision is expected in October 2024. Thus, it is strongly recommended to start the respective procedures when the applicant is invited to full proposal stage.

Privacy Policy:

Please note the DFG's data protection notice on research funding, which can be viewed and downloaded at www.dfg.de/privacy_policy. If necessary, please also forward this information to those individuals whose data will be processed by the DFG due to their involvement in your project.

Good Scientific Practice:

Also note that according to a resolution of the DFG General Assembly, since 1 August 2019, DFG funding may only be granted to institutions that have implemented the guidelines laid down in the Code of Conduct for Safeguarding Good Research Practice in their own regulations in a legally binding manner. For international proposals, this means that funding from the DFG can only be granted if the guidelines for ensuring good research practice (<https://doi.org/10.5281/zenodo.3923602>) have been implemented. If you have any questions on this subject, please contact the Scientific Integrity team at the DFG Head Office at gwp@dfg.de. Further information regarding the implementation can be found at <https://wissenschaften-integritaet.de/kodex/umsetzung>.

Guide is available here: https://www.gov.pl/web/ncbr	1 200 000 €	1-4	300 000 €	Annual scientific reports are obligatory.

¹ defined in Annex I to Commission Regulation (EU) No 651/2014 of 17 June 2014 declaring certain categories of aid compatible with the internal market in application of Articles 107 and 108 of the Treaty (hereinafter referred to as “Commission Regulation (EU) No 651/2014”);

² Defined in Commission Regulation (EU) No 651/2014;

Entities must be established as a legal person³ and must conduct its business, R&D or any other activity on the territory of the Republic of Poland, confirmed by an entry into the relevant register⁴.

For enterprises it is strongly advised to state in the Pre-proposal application form the KRS number of the enterprise and the size of the enterprise (micro/small, medium, large);

A condition for the participation of a group of entities as the Applicant in the competition is its formal existence on the date of submission of the pre-proposal, confirmed by its members concluding, at least conditionally, agreement on the creation of a group of entities; Please note that group of entities counts as at least two project partners from Poland (it meets the limit on the number of participants from the same country, please refer to call text for details).

Funding quota of Polish participants can be up to 100% for research organisations. In the case of enterprises, funding quota will be decided on a case-by-case basis depending on the size of the company, type of research/development, risk associated with the research activities and commercial perspective of exploitation, under the Regulation of the Minister of Science and Higher Education of 19 August 2020 on criteria and rules on granting state aid by the National Centre for Research and Development, published in Journal of Laws item 1456, 2020.

	Large Enterprises	Medium Enterprises	Small Enterprises	Universities and research organizations
Fundamental/Basic Research	Not eligible	Not eligible	Not eligible	Not eligible
Industrial/Applied Research	Up to 50+5/15/25 (max 75 %)	Up to 50+10+5/15/25 (max 80 %)	Up to 50+20+5/15/25 (max 80 %)	Up to 100 %
Experimental development	Up to 25+5/15/25 (max 50 %)	Up to 25+10+5/15/25 (max 60 %)	Up to 25+20+5/15/25 (max 70 %)	Up to 100 %

Only Industrial/Applied Research and Experimental Development will be funded. Other type of activities (e.g. coordination, dissemination, management) is not eligible for funding as separate research tasks in the project schedule.

Polish Participants will be informed and invited to submit Polish proposal once the international evaluation and the ranking list will be established. Sample documents are available at: <https://www.gov.pl/web/ncbr/wniosek-krajowy>

We encourage you to learn about and use our "PartFinder" (Partner Search Tool), which allows you to match science and industry entities from around the World with each other. The search engine is available at: <https://partfinder.ncbr.gov.pl/>

³ Legal person (juridical person) - an entity that is capable of having and amend legal rights and obligations within a certain legal system, such as to enter into contracts, sue, and be sued, excluding natural persons;

⁴ if applicable.

After international evaluation of full proposals and the selection of projects to be funded, Polish participants will be invited to submit a National Application Form (NAF). The NAFs will be examined for the appropriateness of funding requested. The Polish participants are obliged to use the rate of exchange of the European Central Bank dated on the day of opening of the call.

Relevant documents:

All proposals must be aligned with national regulations, inter alia:

- The Act of 20 July 2018 - Law on Higher Education and Science;
- The Act of 30 April 2010 on the National Centre for Research and Development;
- The Regulation of the Minister of Science and Higher Education of 19 August 2020 on granting state aid by the National Centre for Research and Development, which is in line with the Commission Regulation (EU) No 651/2014 of 17 June 2014 declaring certain categories of aid compatible with the internal market in application of Articles 107 and 108 of the Treaty (General Block Exemption Regulation);
- The Regulation of the Minister of Science and Higher Education of 17 September 2010 on the detailed mode of performance of tasks of the National Centre for Research and Development.

Spain (AEI)

Please note that country specific requirements might apply to this call. For further information follow the links below or contact the national representative.

Funding Organisation	Contact Person	Eligible Institutions	Eligible Costs	Anticipated Amount of Funding for This Call	Anticipated no. of funded research projects	Max./Min. funding awarded to a partner	Specific submission and reporting requirements
Agencia Estatal de Investigación (AEI)	<p>National contact point:</p> <p>Silvia Lorrío</p> <p>neuron@aei.gob.es</p>	<p>Eligible entities for the AEI funding are:</p> <p>Non-profit research organizations (such as universities, public research institutions, technological centres and other private non-profit institutions performing RDI activities in Spain), which must comply with the requirements established by this transnational call and with the rules on eligibility defined in the corresponding Spanish national funding instrument “Proyectos de Colaboración Internacional PCI” (see PCI 2023-1 as an example) and the PCI Requirements document.</p> <p>They must have been previously beneficiaries of any of the AEI calls, according to the PCI Requirements document. They have to ensure contractual relationship with the Principal Investigator (PI) during all the implementation of the project.</p> <p>Centres formed by different Spanish legal entities will be considered as a unique entity, and thus the maximum funding should not exceed the limits per proposal established above (for example, mixed</p>	<ul style="list-style-type: none"> • Research and innovation activities are eligible. Mere dissemination, communication or other similar activities will not be eligible. • Only personnel costs for new temporary employment dedicated to the project are eligible. This must be clearly stated in the contract. The costs of permanent staff linked to the beneficiary entity or members of the research team will not be considered eligible costs. • Direct costs such as current costs, small scientific equipment, disposable materials, travelling expenses, coordination costs and other costs that can be 	800.000 €	3-4	<p>The following funding limits for direct costs and for a three-year project are considered eligibility criteria. Proposals not respecting these limits could be declared ineligible.</p> <ul style="list-style-type: none"> • If the consortium is NOT COORDINATED by an AEI-applicant: max. € 140.000 • If the consortium is IS COORDINATED by an AEI-applicant: max. € 220.000 • If the consortium is NOT COORDINATED by an AEI-applicant and there is another AEI -applicant in the proposal, the amount for both Partners is: max. € 180.000 	<p>Funding Programme:</p> <p>The framework for this funding action is the Plan Estatal de Investigación Científica, Técnica e Innovación 2021-2023. On a national level, the Call will be managed by the Subdivisión de Programas Científico-Técnicos Transversales, Fortalecimiento y Excelencia (STRAN) of the AEI.</p> <p>Funding Instrument: The instrument for funding the Spanish groups requesting funding to the AEI is the corresponding</p>

	<p>centres).</p> <p>Two centres or institutions belonging to the Consejo Superior de Investigaciones Científicas (CSIC) will be treated as two separate partners one from another when one of them is acting as Coordinator of the proposal and their tasks and identity in the project are sufficiently separated and justified.</p> <p>Although private enterprises are not funded by the AEI, the Spanish industrial sector is welcome to participate in the transnational consortia obtaining funds from innovation and technological development funding agencies, or using own funds.</p> <p>The final funding will take into account the transnational evaluation of the collaborative proposal, the scientific quality of the Spanish group, the added value of the international collaboration, the participation of the industrial sector, and the financial resources available.</p> <p>Principal Investigators (PIs) requesting funding to the AEI must:</p> <ul style="list-style-type: none"> • Be eligible to the corresponding PCI call (see PCI2023-1 as an example) and the PCI Requirements document. • Demonstrate experience as investigators in projects funded by the different Plan Estatal I+D+i: 2013-2016, 2017-2020, 2021-2023, ERC Grants, European Framework Programmes or other relevant national or international programmes. <p>It is strongly encouraged to check eligibility contacting the NCP.</p> <p>Incompatibilities: These must be taken into account when participating in</p>	<p>justified as necessary to carry out the proposed activities.</p> <ul style="list-style-type: none"> • Indirect costs (25% of all direct costs, including the subcontracting costs). • Clinical trials are eligible up to phase 1, with a maximum of 50% of the total budget (contact the National Contact Point for further details). <p>The AEI will avoid double funding (overlapping with other EU or National funding) and will not grant projects or parts of projects already funded.</p>		<ul style="list-style-type: none"> • If the consortium is COORDINATED by an AEI-applicant and there is another AEI-applicant in the proposal, the amount for both Partners is: max. € 260.000 • Additional amount of € 30.000 maximum (direct costs) and the corresponding indirect costs can be requested per proposal if the work plan includes substantial experimental tasks carried out by the AEI applicants. <p>“Substantial experimental tasks” are those required for the development of observational or experimental research projects. For instance, ecosystem sampling, design and execution of experiments, obtention of new data sets, use of analytical procedures for the quantification of physical, chemical, geological, or biological variables.</p> <p>Tasks in which existing data are used or re-analyzed exclusively will not be considered substantial experimental tasks. Those tasks will be considered desk and not experimental research</p>	<p>Spanish call “Proyectos de Colaboración Internacional” (PCI) (to be published in due time).</p> <p>Data Protection:</p> <p>By submitting a grant application to the AEI, the applicants consent to communication of the data contained in the application to other public administrations, with the aim of further processing of the data for historical, statistical or scientific purposes, within the framework of the Organic Law 3/2018, of December 5, on Personal Data Protection and Guarantee of Digital Rights.</p> <p>Acknowledgement:</p> <p>Any publication or dissemination activity resulting from the granted projects must acknowledge the AEI funding: “Project (reference nº XX) funded by Agencia Estatal de</p>
--	---	--	--	---	---

		<p>different ERA-Nets, European Co-funded Partnerships or other international initiatives.</p> <ul style="list-style-type: none"> • PIs will not be eligible for funding if they apply (i) to more than one proposal in this transnational joint call(ii) to more than one proposal in the same PCI call and/or (iii) to PCI calls of consecutive years. • If the same PI submits two or more proposals in this transnational call, they will all be declared ineligible, except one, without the possibility of changing the PI. • Changes of the PI between the 2 steps of the transnational call are not allowed. • PI must remain unchanged between the proposal to this transnational call and the corresponding PCI call should the proposal be recommended for funding. • A PI that has been granted a PCI the previous year will be declared ineligible, without the possibility of changing the PI. <p>Important: The applicants should include in the application form the PI's full name and the full name of their institution as it is stated in the Sistema de Entidades (SISEN).</p> <p>Important: After the evaluation process and based on their budgetary availability and requested funding of selected projects, AEI and ISCIII may exchange applicants to each other in order to optimize the available funds, provided the respective eligibility rules are met.</p>				<p>projects.</p> <p>IMPORTANT:</p> <ul style="list-style-type: none"> • On top of the abovementioned direct cost limits, indirect costs must be added in the application: 25% of direct costs (including the subcontracting costs). • the direct costs (including subcontracting) in the application must be rounded to the thousands. • The final funding will take into account the transnational evaluation of the collaborative proposal, the scientific quality of the Spanish group, the added value of the international collaboration and the financial resources available. 	<p>Investigación (AEI) through the PCI (year) call".</p> <p><u>As a reference, the applicants are strongly advised to read the call text of the PCI 2023-1 ("Resolución de 24 de marzo de 2023") and especially the PCI Requirements document on the national call website as well as check their eligibility with the National Contact Point prior to the submission.</u></p>
--	--	---	--	--	--	--	--

			Example of maximum funding per project	CD (€)	CI (25%) (€)	TOTAL (€)
			One AEI applicant	140.000	35.000	175.000
			One AEI applicant - coordinator	220.000	55.000	275.000
			Two AEI applicants	180.000	45.000	225.000
			Two AEI applicants - one coordinator	260.000	65.000	325.000
			<p>* Additional amount of € 30.000 maximum (direct costs) and the corresponding indirect costs can be requested per proposal if the work plan includes substantial experimental tasks carried out by the AEI applicants.</p>			

Spain (ISCIII)

Please note that country specific requirements might apply to this call. For further information follow the links below or contact the national representative.

Country	Spain
Funding organisation	Institute of Health Carlos III - Instituto de Salud Carlos III (ISCIII) (Spain) www.isciii.es
Funding organisations contact details	Mauricio García Franco email: mauriciog@isciii.es Tel: (+34) 91 822 28 85 María Cristina Nieto García email: mnieto@isciii.es Tel: (+34) 91 822 24 43
National Programme	Acción Estratégica en Salud (AES 2024)
Anticipated Amount of Funding for This Call	750.000 € (pending of approval of Spanish State Budget)
Anticipated number of fundable proposals	3
Maximum/ Minimum funding per grant awarded to a project partner	<p>Maximum funding from ISCIII per awarded Spanish project:</p> <p>If a Spanish Partner requesting funding to the ISCIII IS NOT the Coordinator of the transnational project:</p> <ul style="list-style-type: none"> • 220.000 € (overheads included), if there is only one Spanish Partner requesting funding to the ISCIII in the proposal. • 275.000 € (overheads included), if there are two Spanish Partners requesting funding to the ISCIII in the proposal. <p>If a Spanish Partner requesting funding to the ISCIII IS the Coordinator of the transnational project:</p> <ul style="list-style-type: none"> • 320.000 € (overheads included), if there is only one Spanish Partner in the proposal, acting as a coordinator. • 400.000 € (overheads included), if there is one Spanish Partner in addition to the Spanish Coordinator in the proposal, both requesting funding to the ISCIII. <p>Overheads according to AES 2024: 25%</p> <p>Projects' duration: from 24 months to 36 months</p> <p>The level of funding will take into account the evaluation of the collaborative proposal, the scientific quality of the Spanish group, the added value of the international collaboration and the financial resources available.</p>

	<p>A maximum of two partners requesting funding from ISCIII may participate in the same project proposal. Same beneficiary institution cannot participate with more than one partner in the same project proposal.</p>
<p>Eligible Institutions</p>	<ul style="list-style-type: none"> • Accredited Health Research Institutes (Institutos de Investigación Sanitaria acreditados, IIS). Accredited according to the RD 279/2016 (These institutions may manage research via a foundation regulated according to the Spanish Act 50/2002, of December 26th). See the list of IIS in this link. • Hospitals, primary health care or public health administration of the Spanish National Health System (SNS). These institutions may manage research via a foundation regulated in accordance to the Spanish Act 50/2002, of December 26th (a copy of the foundation's statutes may be submitted). • CIBER. Team members applying to the call must be from at least two groups belonging to CIBER in two different home institutions and one of these two should be a Hospital, primary health care or public health administration of the Spanish National Health System (SNS) or Accredited Health Research Institutes (Institutos de Investigación Sanitaria acreditados, IIS). Please contact Cristina Rodríguez (cristina.rodriguez@ciberisciii.es) for more information related to CIBER's eligibility. • Private health entities and institutions, Public Research Institutions (OPIs) as defined in article 47 of Law 14/2011, of 1 June, in accordance with the provisions of Royal Decree 202/2021, of 30 March, public Universities and private Universities with proven R&D activity capacity, other public R&D centers. These entities can only participate if they apply together with hospitals, primary health care or public health administration of the Spanish National Health System (or Accredited Health Research Institutes (IIS) in the same proposal. It is not allowed for these entities to apply independently, thus there must be two beneficiary Spanish institutions requesting funding to ISCIII in the same proposal. • Applicants from ISCIII are eligible in the same conditions as Public Research Institution (OPI) above-mentioned. Eligibility criteria from AESI 2024 apply. <p>NOT eligible institutions:</p> <ul style="list-style-type: none"> • Those declared by AES 2024 as ineligible to receive funds by ISCIII. • Particularly for this call, it will not be eligible the National Technological Centres and National Centres for supporting technological innovation that are inscribed in the Register according by RD 2093/2008, of 19 December.
<p>Additional clause regarding available grant</p>	<p>After the evaluation process and based on their budgetary availability and requested funding of selected projects, AEI and ISCIII may exchange applicants to each other in order to optimize the available funds, provided the respective eligibility rules are met.</p>
<p>Eligibility of costs, types and their caps</p>	<ul style="list-style-type: none"> • Personnel costs: Personnel costs will be eligible for contracts with the needed professional category (superior technician, BSc (grado), MSc

	<p>(máster), PhD (doctor) for the project development accordingly to the published salary tables in ISCIII's webpage/ AES 2024. Personnel cost will precisely adhere to the salary tables, no other amount will be considered, either upper nor lower.</p> <p>Contracts for PhD students will be done in the framework of National Subprogramme for Training (scholarships are not eligible). Personnel costs will NOT be eligible when they correspond to civil servants or the equivalent personnel (as specified in the Art. 3.4 of AES 2024) either employed by the beneficiary entities or belonging to the research team.</p> <p>Personnel costs will be eligible when corresponding to contracts under the frame of Art. 23bis of Law 14/2011, 1st June, following the specifications established in AES2024.</p> <p>Other eligible costs: Current costs, small scientific equipment, disposable materials, travelling expenses, complementary expenses (use of central and general research support services of the beneficiary entity), publication and dissemination of results and other costs as included in AES 2024 that can be justified as necessary to carry out the proposed activities.</p> <p>Overheads according to AES 2024: 25% Double funding of the same concept is not allowed.</p> <p>National applications will be required by ISCIII from PIs whose proposal is approved for funding.</p>
<p>Eligibility of PI and team members</p>	<ul style="list-style-type: none"> • Principal Investigators (PI) shall mandatory have PhD degree. • Principal Investigators (PI) can only participate in one project proposal per call. • Principal Investigators (PIs) belonging to an Accredited Health Research Institutes (IIS) could apply only from the IIS. • The Principal Investigator (PI) and all members of the research group must belong to the eligible institutions in the call. • Only one PI per beneficiary institution may be funded within the same proposal. • PIs that have an ongoing International Collaboration (PCIN) project of the same initiative and purpose that this call and that the project has an ending date after the 31st December 2024 will not be able to apply for this call. This incompatibility will affect only to the PI. And this incompatibility will not apply in the case that the PI participate as coordinator in the new application or in the ongoing project. • For additional incompatibilities please review AES 2024. <p>Excluded personnel as Principal Investigator (PI):</p> <ul style="list-style-type: none"> • Those undergoing a postgraduate training in Health Specialization (MIR, EIR, FIR, QIR, BIR, PIR, RFIR). • Those undergoing research training (e.g. PhD students, or "Río Hortega" contracts). • Those undergoing postdoctoral training (e.g. "Sara Borrell" or "Juan de la Cierva" contracts). • Researchers contracted by a RICORs and platforms funded by ISCIII.
<p>Requirements on data and repositories</p>	<ul style="list-style-type: none"> • Researchers funded by ISCIII must make public the human genomic data, as well as relevant data (phenotype and exposition data) generated inside the funded project and will use open access repositories. Researchers must also make public all the necessary information for the interpretation of these genomic data, including lab protocols, and data instruments survey tools. Genomic data is understood as: association of complete genomes (GWAS), matrixes of de polymorphism of a single nucleotide (SNP) and sequence of genome, and transcriptomic, metagenomic, epigenomic and gene expression data. The researchers

	<p>whose projects are funded by ISCIII are recommended to store their scientific data at the "ELIXIR Core Data Resources", or if non-European repositories or data bases are to be used they must be certified by ELIXIR or the US National Center for Biotechnology Information (NCBI).</p> <ul style="list-style-type: none"> ISCIII may not fund any project that may require a repository and/or a data base without a plan ensuring sustainability and decommissioning after the end of funding.
<p>Requirements for clinical studies</p>	<p>Spanish groups that are involved on the performance of a clinical trial in the proposal, are recommended to include in their team a member from their scientific node of the EU Clinical Trials Network (SCReN or ECRIN-ERIC) or if it does not exist, a member from the personnel of their Clinical Research Supporting Platform of their institutions (UIC).</p>
<p>National phase</p>	<p>Due to administrative and legal regulations, the Institute of Health Carlos III establishes the 31st October 2024 as the national deadline for the decision on fundable project consortia which includes Spanish partners to be funded by ISCIII, which must present their national application in the period stated in AES 2024.</p> <p>Any concerned applicant in a proposal for which no final decision has been made by the deadline of 31/10/2024, could be declared not fundable by ISCIII.</p>
<p>Submission of a pre-eligibility form needed at national level</p>	<p>In order to expedite the eligibility check process, it is mandatory that all the applicants submit the CVA-ISCIII of the PI.</p> <p>This document shall be submitted by the PI by electronic email before the proposal submission deadline to:</p> <p>mauriciog@isciii.es or mmnieto@isciii.es.</p>
<p>Acknowledgements</p>	<p>Any publication, data base, product or event protected with IPR or not, resulting from the granted project must acknowledge "Award no. XX by Instituto de Salud Carlos III (ISCIII) through AES 2024 and within NEURON ERA-NET" even after the end of the project, including other specific acknowledgments that could be requested by ISCIII to the granted project. For more information please see ISCIII's ROR here.</p>
